SCAN QR CODE TO GET UNRESERVED TICKET ON MOBILE APP

Chennai Division of Southern Railway introduced **QR Code** ticketing for all the stations (**except halt stations**) under digital India initiative, where passengers can purchase their unreserved tickets for travelling by various train all over Chennai Division.

With the availability of QR Code at Stations, passengers can now purchase their paperless ticket on-line without having to stand in Queue saving time and energy. The UTS App is now becoming more popular with more and more passengers utilizing this facility day by day. With this facility it will be convenient for the passengers who decide to book tickets in the last minutes. The UTS App is one of the major digital avenues implemented by Chennai Division taking forward digitalization of Railway services for the convenience of rail passengers.

Passengers are required to download the UTS App on their mobile phone from Google play store and scan the QR code available at stations and then book a ticket by specifying the source under destination. This newly introduced system will improve speed of buying tickets and minimize the transaction time while purchasing tickets.

The Process is very simple

1. Open UTS mobile from Google Play Store, which could be used for booking unreserved rail tickets.
2. Select QR booking option.
3. Now visit Railway Station where QR is provided and then scan the QR Code.
4. Select the Source and destination.
5. Make the payment and the e- ticket is generated.
