प्रेस विज्ञप्ति /PRESS RELEASE

**CHENNAI DIVISION BRINGS 24/7 EMERGENCY MEDICAL CARE FACILITIES TO
KEY RAILWAY STATIONS**

Chennai Division of Southern Railway has **invited bids** for outsourcing the **operation and maintenance of 24x7 Emergency Medical Rooms with Pharmacies** at **Chennai Egmore, Tambaram, Katpadi and Chengalpattu railway stations**.

The proposed facilities aim to provide immediate medical assistance to passengers and station users by ensuring round-the-clock availability of trained medical personnel, first aid, emergency care support, essential medicines, ambulance assistance and life-saving equipment at stations.

Through an open e-bidding process, eligible hospitals, healthcare providers and medical agencies possessing the required experience and statutory licences are invited to participate in the project. The initiative reflects Indian Railways' continued commitment towards passenger safety, timely medical response and improved public service delivery.

In addition to providing emergency healthcare support, the project offers selected agencies an opportunity for sustained brand visibility at major railway stations with high passenger footfall. It will also facilitate referral support for patients requiring advanced treatment at the parent hospital or associated healthcare centres, as per medical protocols and Railway guidelines.

Interested bidders may participate through the Indian Railway E-Procurement System portal: www.ireps.gov.in before 15:00 hrs on 01.06.2026.

For queries, contact: 8072114520 (10:00 hrs to 18:00 hrs).
